

THE LEADERSHIP GREEN ROOM

A leadership development solution for your entire organization.

The Leadership Green Room was created to develop leaders at all levels with the **confidence, knowledge and networks** to create a brighter future for their organizations and our community at large.

Green Room partners will be among the first to enjoy the Leadership Louisville Center's new learning center at 707 W. Main Street. With natural light, modern technologies and comfortable amenities, participants enjoy a learning environment that promotes the exchange of ideas and stimulates creativity.

"The Center has been an important partner as we build and develop strong leaders throughout our company. The variety of curriculum offered allows us to meet the needs of each individual. They're also bringing best-in-class executive education courses to our backyard."

President and CFO, Texas Roadhouse
